### **NBN SOD/EOD**

Just a short update. We are moving towards a hearing in April as we prepare documents for the Court etc. No other progress in this matter that we can report.

### **TZV SUPPORT EBA**

Progress has been almost non-existent – some small matters have been resolved but the big issue – restructure – is bogged down with the Vic Government bureaucracy. We have cancelled this week's meeting. Dan Dwyer and John Ellery will meet with the new CEO, David Clayton, on Tuesday morning at Wesley Court. The meeting will discuss the Support EBA problems and some other issues.

### **NBN REVIEWS**

We met this week with NBN to discuss several issues. While no agreement was reached, there was frank discussion. We are arranging further meetings on the following: Technical Structure, Rest Relief after Overtime.

More than 450 additional jobs across various service delivery teams are also under threat in a sweeping offshoring exercise that will hollow out Australia's technical capability and endanger our sensitive data.
